EAL Programme

Students at RAIS Secondary School need a strong understanding of English to succeed in the IB Middle Years Programme. For students coming from Thai or EP schools where English isn't their first language, we offer the EAL (English as an Additional Language) programme. This program helps non-native English speakers improve their language skills to fully participate in school activities and lessons.

In addition to enhancing English proficiency, the EAL programme prepares students for the IB teaching and learning methods, helping them adjust and get ready for the new academic year. The programme runs during Term 3 and a regular Term 3 fee applies.
