

# CAREERS

Roong Aroon International School

LIFE IS LEARNING,  
LEARNING IS HUMAN LIFE

“True education is learning about life. We use different kinds of topics as bridges. Learning various subjects is a type of bridge. Once we use a bridge, do we need to carry it? No, we do not. Do we need to carry the boat with us when we get off upon reaching shore? We meet various conditions that create learning. They are constantly changing. However, once we get a chance to use it again, we use it more smoothly.”

*Associate Professor Prapapat Niyom  
Rector of Arsomsilp the Arts of Institute  
and Founder of Roong Aroon School*

# SCHOOL OVERVIEW

Roong Aroon International School is authorized by the International Baccalaureate (IB) to provide the Middle Years Programme (G6-G10) and for G11 - 12, the school offers programmes including: the IB Career-related Programme, the IB Diploma Programme, and the RAIS Diploma Programme. Our school prepares students to impact their future world by providing opportunities to become self-reliant, moral, ethical leaders and life-long learners.

Roong Aroon International School is an expansion of Roong Aroon School, a well-established holistic, transformative education school since 1997. The school is a non-profit organization.

In line with international standards, we want to hire people who will bring their experience to our community and seek to develop themselves as lifelong learners. We seek passionate, dedicated educators with high English fluency and clear pronunciation.
